

answrs

1. Once user clicks the reset password button return them to the sign in page automatically with their email populated

2. We'll also need two possible error messages:

- Please enter a valid email address (e.g., me@company.com)
- The email address entered is not associated with an Answers account. Contact your Org or Team Admin or the Answers help line

ANSWERS

1. The chat looks good, though I'd like each message box corner to be softened a bit like the tiles
2. You and I will also need to think about the interactions around a user having multiple chats at once, initiating chats, etc. We'll likely leverage known patterns as seen in the host of IM apps

answers

1. The hide/show icon is very hard to see.
Actually, I'd like you to just use hide and
show copy. It's more clear than the icon.
